- **Subs**
 - Number of times a regular member may use a sub: Not limited
 - Handicap system for the subs:
 - Substitutes within 1 stroke (9 hole handicap) of the player they are subbing for will play straight up in the individual and team match. If the sub is out of the 1 stroke range, 9 hole handicaps will be used to determine strokes in the individual match. Subs with higher handicaps will always play straight up in

the team portion of the match. No strokes will be given. In the event that a substitute has a lower handicap than everyone in the group (outside of the 1 stroke range) everyone will stroke off that player in the team match.

- Notify the MCC staff member running the league to get the proper strokes before the group tees off
