

2023 DONALD ROSS CUP

First Round Begins Thursday, June 1

Round Completion Dates: 6/25, 7/23, 8/13, 8/27, 9/10 (semi-finals), 10/8 (finals)

TOURNAMENT FORMAT

- 64 Players Match Play. Seeding will be based on Handicap Index and will be broken into two 32 player fields. The 32 lowest handicaps on one side of the bracket and the highest 32 on the other side of the bracket and the two bracket winners will meet for the finals.
- All matches will be played from the Blue Tees and will be played at 80% handicap. Players Handicaps for tournament seeding will be determined by using the May 15 handicap.
- Players Handicaps for matches will be determined by using the current day's revision at 80%.
- The USGA defines Match Play as one side playing against another over a stipulated round. Therefore, in order to qualify as a match, the opponents must play in the same group. Matching of cards does not meet this requirement.
- All matches must be complete within the time guidelines for that round. If any matches are not completed within that timeframe, it's been decided that the Golf Professional Staff will flip a coin to see who advances.

Cancelation of play will be at the discretion of the Golf Professional Staff and Agronomy team.
