

Veterans Count, the philanthropic arm of Easterseals Military & Veterans Services, provides critical and timely financial assistance and services when no other resource is available to service members, veterans and their families, to ensure their dignity, health and overall well-being.

We continue to ensure that 90% of every net dollar raised for Veterans Count is spent to provide services and grow resources for NH service members, veterans and their families.

In 2007, Veterans Count was developed in partnership with ESNH, the NH National Guard, and the NH Dept. of Health and Human Services. The program provides resources to veterans of all eras and their families. Care Coordinators work with individuals and families to create a care plan toward self sufficiency. Since ESNH launched the program, more than 17,500 individuals have been served. Philanthropic dollars, totaling more than \$4.1 million, have been distributed to provide financial support that may include food, utilities, housing, transportation, fuel, and vehicle repair.

Military & Veterans Services Significant Outcomes

as of July 2020
